**Emergency Assistance**

For emergency assistance involving this product call – 216-631-5309

**Section 1: Product Identification**

**Product Name: TransFast Sapphire Blue #3290**

**MSDS #: 3290**

**Date Issued: June 30, 2005**

**Original**  **Update**

**Reason For Change:**

**Section 2: Hazardous Ingredients**

<b>Hazardous Ingredients</b>	<b>CAS Number</b>	<b>OSHA PEL</b> (Permissible exposure limit)	<b>ACGIH TLV</b> (Threshold limit value)	<b>% By Weight</b>
Direct blue 86	1330-38-7	Not applicable	Not applicable	35-39%
Sodium sulfate	7757-82-6	Not applicable	Not applicable	30-35%
Acid Violet 7	4321-69-1	Not applicable	Not applicable	27-33%

**Note:** All health hazard components above 1% composition and all carcinogens above 0.1% (1000 ppm) composition are listed.

**Section 3: Hazard Identification**

**EMERGENCY OVERVIEW:** WARNING! This product is HAZARDOUS by OSHA Hazard Communication definition. May cause slight respiratory tract, skin and eye irritation.

**Hazard Rating: NFPA**

**HMIS**

**Hazard Rating Scale:**

**Health: 1**

**0= Minimal**

**Flammability: 1**

**1= Slight**

**Reactivity: 0**

**2= Moderate**

**PPE: B**

**3= Serious**

**4= Severe**

***Note:** NFPA and HMIS ratings involve data and interpretations that may vary from company to company. They are intended only for rapid, general identification of the specific hazard. To deal adequately with the safe handling of this, or any, material, all the information in the MSDS must be considered and interpreted by a trained professional.*

**Potential Health Effects:**

This material has **not been** tested as a whole. The data contained below is based on the properties of the individual components.

This material has been tested as a whole. The data below is based on the properties of the mixture.

**Main Routes of Exposure:**

Inhalation

Ingestion

Skin Absorption

Skin or Eye Contact

**Effects of Acute (Immediate) Exposure:**

Eye Contact .....	May cause slight eye irritation.
Ingestion.....	Not applicable.
Inhalation.....	May cause slight irritation to nose, throat and lungs.
Skin Contact.....	May cause slight skin irritation.

**Effects of Chronic(Long Term) Exposure:**

Inhalation.....	Not applicable.
Skin Contact.....	Not applicable.

**Medical Conditions Aggravated by Exposure :**

None known.

**Target Organs Affected:**

None known.

**The components of this material are considered Carcinogenic by:**

Not Applicable

National Toxicology Program (NTP)

The International Agency for Research on Cancer (IARC)

The Occupational Health and Safety Administration (OSHA)

<b>Section 4: First Aid Measures</b>
--------------------------------------

Eye Contact.....	In case of contact, immediately flush eyes with plenty of water for at least 15 minutes, holding eyelids open to rinse completely. Get medical aid if irritation occurs.
Ingestion.....	Give plenty of water to drink. Induce vomiting only if advised by Poison Control Center. Never give anything by mouth to an unconscious or convulsing person.
Inhalation.....	If inhaled, remove to fresh air. Get medical aid if effects occur.
Skin Contact.....	Wash skin with plenty of soap and water. Get medical aid if irritation develops and persists. Remove contaminated clothing and shoes. Wash clothing before re-use.
<b>** Note to the Physician:.....</b>	None.

<b>Section 5: Fire Fighting Measures</b>
--

Flash Point Deg. C <input type="checkbox"/> F <input checked="" type="checkbox"/>	Not applicable
Auto – Ignition Temperature.....	Not applicable
Upper Flammable Limit (% Vol).....	Not applicable
Lower Flammable Limit (% Vol).....	Not applicable

Extinguishing Media.....	Use water mist, carbon dioxide, dry chemical or foam.
Unusual Fire and Explosion Hazards.....	None expected, but avoid the build-up of dye dust clouds which could be explosive as are other organic powders.
Hazardous Combustion Products.....	Oxides of carbon, nitrogen and sulfur.

**General Information:**

Firefighters should wear full protective equipment and positive pressure self-contained breathing apparatus in pressure-demand mode.

<b>Section 6: Accidental Release Measures</b>
---

Spill / Leak.....	Use proper personal protective equipment as indicated in Section 8. Clean up spills immediately. Provide ventilation. Mix material with sweeping compound to minimize dusting while sweeping and containing. Vacuum contaminated areas.
-------------------	---

<b>Section 7: Handling and Storage</b>
--

Handling Procedures.....	Maintain good personal hygiene. Wash hands and face thoroughly after handling, and before eating, drinking or using tobacco products. Remove contaminated clothing and wash before re-use. Avoid contact with eyes, skin and clothing. Keep containers tightly closed. Use only with adequate ventilation.
Storage Needs.....	Observe local regulations. Store in a cool, dry, well-ventilated area, in original or similar waterproof containers, away from incompatible materials. Keep containers closed when not in use.

<b>Section 8: Exposure Controls / Personal Protection</b>
---

When selecting personal protective equipment and clothing, follow all manufacturer specifications and recommendations that apply to your specific operations and processing conditions. Take into consideration all working conditions and all chemicals to be handled or processed.

Eye / Type.....	Wear safety glasses with side-shields or chemical safety goggles. Contact lenses should not be worn when working with chemicals.
Respiratory /Type.....	A NIOSH/MSHA – approved dust respirator should be worn.
Gloves / Type.....	Wear impervious gloves as a standard handling procedure.
Clothing / Type.....	Wear long sleeved garment such as a lab coat to prevent skin exposure.
Other / Type.....	Facilities using or storing this product should be equipped with an eyewash facility and safety shower within 100 feet from work area.
Ventilation Requirements.....	Local exhaust ventilation is required to minimize exposures.

<b>Section 9: Physical and Chemical Properties</b>
--

Appearance/Odor.....	Bluish powder, slightly aromatic
Specific Gravity.....	Not determined

Vapor Pressure .....	Not determined
Vapor Density .....	Not applicable
Evaporation Rate.....	Not applicable
Boiling Point .....	Not applicable
Solubility in Water (%W/W).....	Soluble
Freezing Point (deg. C <input type="checkbox"/> F <input type="checkbox"/> ).....	Not applicable
Melting Point (deg. C <input type="checkbox"/> F <input type="checkbox"/> ).....	Not applicable

#### Section 10: Stability and Reactivity

Hazardous Polymerization.....	Will not occur under normal conditions.
Stability.....	Stable
Incompatibility.....	Oxidizing and reducing agents
Conditions to Avoid.....	Excess heat
Hazardous Products of Decomposition....	Oxides of carbon, nitrogen and sulfur

#### Section 11: Toxicology Information

Irritancy of Material.....	Slight eye irritant.
Sensitizing Capability of Material.....	Not known
Carcinogenicity of Material.....	See Section 3
Teratogenicity .....	Not known
Mutagenicity.....	Not known
Reproductive Effects.....	Not known
Synergistic Materials.....	Not known

#### Section 12: Ecology Information

Environmental.....	Water-soluble.
Biodegradability.....	Not tested

#### Section 13: Disposal Considerations

Waste Disposal .....	Dispose in accordance with local, state and federal environmental control regulations. Emptied containers retain product residue and should not be distributed, made available, furnished or reused except for the storage and shipment of the original product.
----------------------	--

#### Section 14: Transport Information

U. N. # .....	Not applicable
D.O.T. Classification .....	Not applicable

<b>Section 15: Regulatory Information</b>
---
